..... APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued for storage purposes only (secondary applications to be filed for use of stored waters) and is subject to any prior rights on the source. By filing of Proof of Completion of Work, as required under conditions of the permit, secondary applications will be in order for approval so that applications of water to a beneficial use may be made.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued subject to the stipulation between the Board of Trustees of the Clark County Sanitation District and the Colorado River Commission dated January 31, 1989.

The total combined storage under Permits 21587, 21728 and 51838 shall not exceed 65,498 acre-feet annually.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 57.32 cubic feet per second. *
